

TEMASEK PRIMARY SCHOOL

Learn, Lead, Serve & Grow

H/019/2017
17 January 2017

Dear Parent/Guardian,

P2 Robotics Enrichment Programme 2017 is Now Open for Registration

An exciting robotics course **for interested Primary 2** students is **NOW OPEN** for registration. The recommended resource for this programme is the LEGO Education WeDo 2.0. Based on this easy-to-use robotics technology, we hope that our students will be more engaged and energised in learning with robotics.

The school has engaged Duck Learning Company to provide the training to our students. Duck Learning is an education consultancy which is the Sole Authorised Distributor and training provider for LEGO Education in Singapore.

The overall teacher-in-charge for this programme is Mdm Siti Azaliyah. The training session will be held once a week either on Tuesdays **or** Fridays from **2pm-4pm** and the training course fee is **\$80**. Please indicate your preferred days in the slip below. We will confirm the training day and schedule for your child once we receive all the acknowledgment slips. There are 10 sessions altogether. Robots and other materials will be provided by the school during the training sessions. You may pay by cash or cheque made payable to 'Temasek Primary School'. Payment will only be collected via consolidated billing at a later date. Please acknowledge on the reply slip below by **Monday, 23 January 2017** if your child is keen to join this club.

Please take note that there will be no refund upon the commencement of the course and no make-up day for any absence.

Thank you.

Yours sincerely,

Mdm Connie Soon
HOD Science

Mr Francis Foo
Principal

To: Mdm Siti (siti_azaliyah_abdul_majid@moe.edu.sg)

I allow my child/ward _____ of Primary 2 ___ to join Robotics
Enrichment Programme 2017.
