Dear Parents/ Guardians,

Excellence 2000 (E2K) Mathematics Programme For P4 High Ability Pupils

The E2K Mathematics Programme Singapore is a Maths enrichment programme for upper primary pupils who demonstrate talent and ability in Maths. The Programme is adapted from Israel's E2K Programme which is developed by the Israel Centre for Excellence through Education (ICEE). Your child, _____, of P4____, has been invited to participate in it.

The programme aims to develop logical thinking skills among high ability primary pupils in Maths, as well as nurture other important 21st century competencies such as resilience, critical thinking and effective communication skills.

Schools implement the Programme by using a set of curriculum units developed by ICEE which are investigative in nature. The class size for an E2K lesson is about 30 pupils. Through collaborative learning and guidance provided by the teacher, pupils learn to solve non-routine questions to promote reasoning and communication skills, develop confidence and independence in carrying out investigation as well as inculcation of good habits, attitudes and dispositions.

As this is a 1½year programme (2017 & 2018), commitment to the Programme is expected. Please refer to the schedule below for Term 1 2017. Schedules will be given out on a termly basis.

Dates	Time
16 January (Mon)	2.00pm to 3.30pm
23 January (Mon)	2.00pm to 3.30pm
6 February (Mon)	2.00pm to 3.30pm
13 February (Mon)	2.00pm to 3.30pm
20 February (Mon)	2.00pm to 3.30pm
27 February (Mon)	2.00pm to 3.30pm
