## **Parent and Visitor Management**

All parents and visitors to the school will be required to fill in a Visitor Registration Form at the school entry points.

## **Arrival and Dismissal of Students**

If you are walking to the school with your child/ward in the mornings and entering the school via Side Gate B, we seek your cooperation and understanding not to proceed beyond the gate. If you would like to enter the school, you will be required to fill in the Visitor Registration Form.

Similarly, if you are fetching your child/ward during dismissal after school and entering the school via Side Gate B, you are required to fill in the Visitor Registration Form before proceeding to the Foyer or Parents' Waiting Area.

## **Monitoring of Well-Being of Students and Staff**

We will closely monitor the health of students and staff, and advise them to see a doctor immediately if they are sick. Hence, in the event that your child/ward is unwell, please seek medical attention and send your child/ward to school only when he/she has fully recovered. If your child/ward is unwell in school, the school will contact you to pick him/her up from the General Office.

We thank you for your understanding, co-operation and support in the implementation of these measures. Together, we can keep our school community safe and healthy.

Yours sincerely,

Mrs Alison Ho  
Principal
