Dear Parents/Guardian,

## **Subscription to Koobits Problem Sums Online Portal – ICT Resource for P1 to P6 students**

The Mathematics Department is offering the Subscription to Koobits Problem Sums Online Portal as an ICT resource for all P1 to P6 students.

ProblemSums by KooBits is an online self-directed learning Maths Problem Sums portal. This online system can be accessed from PC, Mac Ipad and Android tablets as long as there is internet.

There are more than 1200 types of problem sums (about 102,000 problem sums + Maths Olympiad questions) for P1-6 students, with the ability to generate similar questions per skill. There are step by step solutions for the questions with the necessary models, guess and check tables, ratio tables and diagrams.

As parents, you can use this online portal to guide you in your child's learning. The subscription to the online portal is optional. The cost of the subscription to the online portal for the whole year is \$6.40 and is non-refundable.

Payment is not required at the moment. The registration fee will be included in our billing to you. If your child/ward is a Singaporean and you have established an Edusave Enrichment Programme Standing Order, the registration fees will be deducted from his/her Edusave account, subject to the balance available. Should there be insufficient fund in your child/ward's Edusave account, balance of the registration fee, after deducting the fund in your child's Edusave Account, will be reflected as cash payable amount in the School Bill which can be settled via GIRO/NETS/ePayment or cash/cheque.

If you are interested in subscribing to the portal, please submit the Reply Slip to your child's Mathematics teacher by **Wednesday, 15 January 2020.**

We look forward to your support.

Yours sincerely,

Mrs Yee Sin Nee  
HOD/Mathematics
